EDUCATION

The Hong Kong Polytechnic University
BSc (Hons) in Computer Science

Hong Kong
Expected 2029

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, C++, C, Java
Frameworks & Libraries: Django, Tailwind CSS, Bootstrap
Databases: SQLite
Deployment: Vercel
Developer Tools: Git, GitHub, VS Code

PROJECTS

- BillShare** | *Django, Python, Tailwind CSS, SQLite* 2026
- Built a Django bill-splitting web application with SQLite, implementing room creation, order tracking, and automated tax/tip allocation across shared items.
 - Engineered per-object authorization with Django `LoginRequiredMixin` and custom querysets, enforcing member-only access across all room views.
 - Implemented precise monetary calculations with Python's `Decimal` module to eliminate floating-point drift across weighted item splits.
 - Developed a Django claim-code workflow supporting account-less guest participation and later account attachment without requiring initial registration.
- Fitness Progress Tracker** | *Django, Python, Tailwind CSS, SQLite* 2026
- Built a Django workout-tracking application with a 6-model relational schema and automated personal-record detection using `post_save` signals.
 - Designed a session-based draft system with snapshot logic, supporting draft creation, editing, cancellation, and persistence without modifying committed workout data.
 - Implemented Django authentication and per-user data isolation across registration, login, password reset, profile management, workout logging, and history.
- Expense Tracker CLI** | *Python, JSON* 2026
- Developed a Python CLI expense tracker using the standard library, implementing JSON persistence, pagination, category filtering, and input validation without external dependencies.

LEADERSHIP & ACTIVITIES

- John Paul's School** Indonesia
Futsal Competition Coordinator 2023–2024
- Coordinated inter-school futsal tournaments across multiple schools, negotiating fixture schedules and resolving scheduling conflicts with school representatives.
 - Managed match-day operations including referee coordination, venue bookings, and last-minute schedule changes across participating matches.
 - Returned in 2024 and refined the tournament scheduling process based on issues identified during the previous year's event.

LANGUAGES

English, Indonesian
